

# The Night Fisherman

by Nancy Fortunato

Since Alexander Stillman's death twenty-five years ago, hard-working volunteers plus a part-time staff person have dedicated themselves to making Stillman's vision of an outdoor learning center a reality. With our 25th anniversary on the horizon, we searched for a way to celebrate these twenty-five years with our members.

During the summer of 2009, as if on cue, we uncovered some numbered and signed prints of a Yellow-crowned Night-Heron titled *The Night Fisherman* by acclaimed watercolorist Nancy Fortunato. This limited edition was available for a brief time in commemoration of the Nature Center's 10th anniversary. The artist is known for mixing Oriental and Western imagery in her work. In *The Night Fisherman* soft grays and browns with gold highlight this uncommon summer resident, who perches, intense and still.

The celebration search was rewarded. Our 25th anniversary is the perfect time to make this print available again. With a donation of \$250 or more, we will send you *The Night Fisherman*. To learn more about the artist and her work, go to [www.nancyfortunato.com](http://www.nancyfortunato.com).

The Board of Directors invites you to become part of Stillman Nature Center's next twenty-five years. To indicate that you'd like to take advantage of this exclusive offer, just write "art print" on the memo line of your check. Thank you for your generosity and for helping Stillman Nature Center address future needs and challenges.
